

<p>FINDING DETAILS</p> <p>I find interesting details that are <u>related</u> and that stand out to me from reading the text closely.</p>	<p>Detail 1 (Ref.: lines 30-31) "and much of what I stumbled into by following my curiosity and intuition turned out to be priceless later on"</p>	<p>Detail 2 (Ref.: lines 23-24, 43-45) "I decided to drop out and trust that it would all work out OK." "If I had never dropped out, I would never have dropped in on this calligraphy class."</p>	<p>Detail 3 (Ref.: lines 40, 50-51) "when we were designing the first Macintosh computer, it all came back to me" "So you have to trust that the dots will somehow connect in your future. You have to trust in something — your gut, destiny, life, karma"</p>

<p>CONNECTING THE DETAILS</p> <p>I re-read and think about the details, and <u>explain</u> the connections I find among them.</p>	<p>What I think about detail 1: I think that Jobs wants us to live "following my curiosity and intuition. "</p>	<p>What I think about detail 2: "I decided to drop out" "I would have never dropped in on this calligraphy class" I think Jobs is connecting his dots here.</p>	<p>What I think about detail 3: "it all came back to me" "trust that the dots will somehow connect in your future" Jobs is saying that his "dots" worked out for him.</p>
<p>How I connect the details: The "dots" Jobs is talking about "connecting" are dropping out, learning about calligraphy, and later designing the first Mac.</p>			

<p>MAKING A CLAIM</p> <p>I state a conclusion that I have come to and can support with <u>evidence</u> from the text after reading and thinking about it closely.</p>	<p>My claim about the text:</p> <p>Jobs says that when he connects the dots of his life it shows him that trusting your gut is the only way to live.</p>
